DMP-230V2 (B)

Media Player | FM Tuner | BT Option

CONCEPT

Designed to add MP3 file replay and FM radio reception to any professional audio system, the DMP-230V2 sports intuitive use, excellent audio quality and the added value of an in-built jingle player with scheduling. The latter allows to insert jingles (like advertisements, etc.) either at the touch of a button or in certain time intervals into the running program. A large LCD provides clear status information and read-out of MP3 file names and RDS radio text, and an included IR remote control provides additional convenience in daily use. Packed in a rugged metal case with stylish plastic side cheeks, the DMP-230V2 can be operated stand-alone our mounted into a 19" rack by means of the optional rack kit (not included). Also available with additional built-in Bluetooth module as DMP-230V2B.

TECHNICAL DATA

Audio formats (local replay):.....MP3
AC IN .....115V/230~ 50/60Hz
Power consumption.....max. 10W
